Home Page

The logos of all schools your children attend will be visible at the top of the screen. Clicking on a school logo allows you to view that school's individual ParentPay welcome page.

The top right of your home page will display your name (entered when you activated your account) and your username. You will also be able to use the quick links in this area to:

- **View/edit your profile**
- **Logout**
- **Basket:** add, edit, view items in your basket before proceeding to '**Checkout**'

The '**Overview**' area of the page displays an overview of your children. If you have already added all your children to a single account you will also see tabs for your other children. Clicking on these tabs shows information specific to that child. If you have not already created a single account for all your children using ParentPay, and want to find out how to do so, please go to '[Single account / login for all your children](#)'

In addition, you will see another tab on the right side of your home page named '**Add a child**'. This is where you will go to add more children to your account, providing the school they attend is a ParentPay school.

Recent payments: A breakdown of the most recent payments you have made across all of your children.

Alerts & Communications: A list of the most recent messages across all your children that you have received from your child/children's schools or those you've sent to school from within ParentPay and any automated alerts you have received.

The left side of your screen has clear, concise '**I want to...**' navigation and a '**ParentPay support**' area should you need any assistance.

Account Activation & Single Account / login

Parents with children at different schools can add up to six children to a single account, regardless of which school their children attend, providing those schools subscribe to ParentPay. This means parents will only ever have to remember one username and password to use ParentPay.

Existing parent user – creating a single account / login

IMPORTANT: you must log out of all your ParentPay accounts before you start.

Choose one account to 'add' the rest of your accounts to. This will become your single account / login for all your children in future; the username and password for this account will become the 'only' set of account login details you use in future.

Go to www.parentpay.com and log into the account you wish to have as your future login for all children/schools

Next: Go to the '**Adding children to your single account/login**' section below for information on how to 'add children' to your account.

New parent user

If you have more than one child at the same school or children at different schools that use ParentPay and have been provided with a username and password for those children, choose one child's details to activate your account.

Go to www.parentpay.com and enter **the username and password** you have received for one of your children in the account login area.

Click **Activate**.

Next: Go to the '**Adding children to your single account/login**' section below for information on how to 'add children' to your account.

Adding children to your single account/login

Click on **Add a child**

The screenshot shows the ParentPay account interface. At the top, there is a navigation bar with tabs for 'Overview', 'Dan', 'Nathaniel', 'Rachael', 'April', and 'Christine'. To the right of these tabs is a button labeled 'Add a child', which is circled in red. Below the navigation bar, there is a section titled 'Items due for payment' containing a table with the following data:

Due date	Item description	Name	Amount	
-	Dinner money for The Denewood Community School	Rachael	£0.00	Add to basket
-	Dinner money for The Denewood Community School	April	£0.00	Add to basket

12 Nov 2011	Visit to the Woodlands Centre	April	£6.00	Add to basket
28 Oct 2011	Autumn Term 2011 Music Tuition Fees	April	£0.00	Add to basket

At the bottom of the table, there are two buttons: 'Pay for more items' and 'Checkout'.

Enter **the username and password** for your other child

Click **Search**

The school, pupil name, year group and class will show on screen.

Add child to your account

Cancel

After you confirm the add, these pupils will be transferred to the account you are logged into and the old account will be disabled.

Click **Add child to your account** to confirm this is the child you wish to add to your account. You can repeat the above process to add more children to your account.

You will then be directed back to your home page which will have changed slightly.

Changing your username and/or password

If at any time you want/need to change your username or password you can do so as follows:

Go to the '**I want to...**' area of your home page. Select the **View/edit profile** option and click on **Your details**

The image shows two side-by-side screenshots from the ParentPay website. The left screenshot shows the 'I want to...' menu with options: 'Go to homepage', 'Pay for items', 'Make bookings', 'View transaction history', 'View menus & choices', 'View communications', 'View / edit profile', and 'Your details'. The 'View / edit profile' option is highlighted with a downward arrow. The right screenshot shows the 'Your details - Edit login credentials' form. It includes fields for 'Confirm existing password', 'Change username' (with 'parent22' entered), 'Change password', 'Re-enter password', 'Change secret question' (with 'Who was your favourite teacher?' selected), and 'Secret answer'. There are 'Save' and 'Cancel' buttons at the bottom.

You will need to confirm your existing password – then you can make any changes required.

Ensure you click **Save**.

Managing telephone numbers and email addresses

Providing your mobile number in ParentPay not only allows your school/s to send you SMS text message communications but also allows you to opt in to receiving our automated SMS text alerts for things such as a low dinner money balance for your child/each of your children.

Automated text message alerts that you request are payable by you at 0.06p per message sent.

Text messages sent to you from your child's school are at NO charge to you.

Entering your mobile number

Go to the '**I want to...**' area of your home page. Click **View/edit profile** and select **Phones & Emails**

The screenshot shows the 'I want to...' menu on the left with 'View / edit profile' selected. The 'Phones & emails' section on the right shows the 'Phone number' field as 'Not supplied' with an 'Edit' button. Below this, the 'Mobile numbers' section shows a 'Main mobile phone' field with a registered number and links to 'Add or edit mobile numbers', 'Click here if you have received a mobile registration PIN', and 'View a statement of your ParentPay text balance'. The 'Additional mobile numbers' section shows another registered number with a 'Resend registration PIN' link. A note states that only the main mobile number is used for automated text alerts, and another note mentions that all mobile numbers are visible to the school manager.

Phone number: your home, office or other number

Mobile numbers: this area contains your '**main mobile number**' – this will be the number your school uses to send you SMS text messages and will also be the mobile number that any automated alerts you request are sent to.

When you provide your mobile number you will automatically receive a registration PIN in order to 'register' your mobile.

If you do not 'register' your mobile you will be unable to receive automated SMS text alerts from ParentPay.

You do not need to 'register' your mobile number in order for your child/children's school to send you SMS text messages.

Three easy steps to enable automated SMS text alerts in your account

Step 1: Registering your mobile number

If you wish to subscribe to our automated SMS text alerts and you have received your registration PIN, you must log back into your ParentPay account, go to the '**I want to...**' area **View/edit profile>Phones & emails** and click on the [Click here if you have received a mobile registration PIN](#) link to register your mobile. Your registration PIN is valid for 7 days.

Step 2: Top up your SMS text balance

Automated SMS text alerts that you request are paid for by you at a charge of 0.06p per message sent – as such you must ensure that you maintain a SMS text balance of at least £2.40.

Topping up is easy, simply go to **Pay for items** via the '**I want to...**' area of your home page and click on the '**Other**' tab.

Step 3: Choosing the alerts you want to receive

Go to the '**I want to...**' area of your home page **View/edit profile>Alert settings**

Choose which alerts you wish to receive for your child/each of your children and set the threshold (balance) at which you wish to receive alerts. For more guidance please see our 'Alert settings' area later in this guide.

Additional mobile numbers: you are able to provide a number of mobile numbers to enable the school to send you text messages – schools can choose to 'send to all mobile numbers' in the event of an emergency.

Email addresses: it's likely that you provided an email address and verified it during the activation of your ParentPay account and this will show as your 'main email address' – you are able to provide an alternative email address if you wish.

Preferred communication channel: you can indicate which method you wish your school to use when contacting you for urgent and normal communications – your school can disregard these settings if they choose.

Alert settings

You are able to set and receive automated alerts from ParentPay for low balances and other purposes! It is quick and easy to set up, giving you peace of mind that your child/children will never be refused a meal due to lack of funds.

Go to the '**I want to...**' area of your home page. Select **View/edit profile** and **Alert settings**

The 'Alert settings' screen will confirm if you are able to set 'balance' alerts for all of your children – this feature is not available to all schools and is dependent on the type of subscription they have with ParentPay. In the event that you are not able to set automated low balance SMS alerts, a list of the children you are unable to do this for will show on screen.

Balance alerts: simply choose the type of alert you wish to receive (Email or SMS text) and set the 'Threshold' for each child. We recommend that this is set to cover the cost of meals for 3 days in order that you have time to top up before your child may be refused a meal.

New item alerts: you can choose to receive an alert when your child's school sets up a new payment item for your child.

Payment alerts – cheques and cash: you can set up alerts to tell you when a cash/cheque payment has been recorded against your child's account in school ensuring you know the payment has been received safely.

Payment alerts – PayPoint: in the event that you are a cash based payer and are using either a PayPoint card for school meal top ups and/or barcoded letters to pay for trips, you are able to set alerts to notify you once the payment shows in your child's account in school.

Message alerts: a great way to know that your school has sent you a message in ParentPay.

Selecting items and making payments

Using your basket: Quick add items

You are able to pay for all your children in one easy place with the quick add basket. The **'Overview tab'** on your home page shows items due for payment across all of your children.

Locate the item you would like to pay for and click on **Add to basket**.

Edit the **'Amount'** to pay and provide any **'Notes'** and **'Consent'** if appropriate in the pop-up window.

The screenshot shows a pop-up window titled "Dinner money for The Denewood Community School - Rachael". Below the title, it says "Provided by: The Denewood's Community School". There is a section labeled "Edit amount" with a text input field containing "10.00" and a range "Min - £10.00 / Max - £120.00". Below that is a section labeled "Add notes" with a text input field. At the bottom, there are two buttons: "Cancel" and "Add to basket".

Click **Add to basket** and keep repeating the process until you are ready to **'Checkout'**.

The screenshot shows the ParentPay user interface. At the top, it says "Hello, Pamela Boyle (parent22)" with links for "View / edit your profile" and "Log out". Below this, it says "Basket £0.00 (0)". There is a table with two columns: "Description" and "Amount". The table contains one row: "Dan: Sunny Meadow Primary School meals: Pre-booking service - Pupils" with an amount of "£9.75". Below the table, there are two buttons: "Pay for more items" and "Checkout".

Viewing more details about your payment items before adding them

Go to **Pay for items** in the 'I want to...' area on the left of your screen.

The screen will default to the '**All items**' tab displaying each item available by child with a full Description of the item, Due date and Amount.

Click on **Edit amount or add notes/Add to basket** alongside the item you wish to select.
